Why Should You Choose Synergy SPC?

Impressive Durability

Stone Plastic Composite has the rigidity and durability of stone with the flexibility and versatility of plastic. These composite planks are engineered to perform and last throughout extreme weather conditions which make them great for applications where the room temperature varies throughout the year.

Waterproof

Synergy SPC Allure Series is a waterproof floor. Please see the Product Maintenance sheet for more information on proper product care.

Incredible Style

With 6 styles to choose from; it's very likely that one of the fashionable tones and modern patterns will be the perfect match for your style and your space.

Easy to Install

Features the patented Uniclic Lock system for easy installation and a long lasting installation. For further installation instructions and information on the Uniclic Lock System please view the Synergy SPC Allure Series Installation Guide.

Anti-Bacterial

The wear layer is infused with Anti-Bacterial Nano Silver, which means your Synergy SPC Allure Series does not promote the growth of bacteria or other harmful agents.
